Dear Major Martin:

This is in response to the complaint you filed with the Department of Defense Hotline on April 8, 2015, alleging reprisal under Title 10, United States Code, Section 1034, "Protected communications; prohibition of retaliatory personnel actions," which is implemented by DoD Directive 7050.06, "Military Whistleblower Protection."

We have referred your complaint of whistleblower reprisal to the Secretary of the Army Inspector General's (SAIG) office for further action. We will monitor the progress of the investigation and review the final report. After we have approved the report, SAIG will notify you of the results.
